

ThinkPad^{P1}

SIMPLY STUNNING

Lenovo[™]

ThinkPad^{P1}

THE POWER YOU NEED THE MACHINE YOU WANT

Is it better to be powerful or mobile? Lenovo™ asked this question, and with the introduction of the ThinkPad® P1, the answer is, yes. No longer do users have to choose between the power they need and the machine they want. As Lenovo's thinnest and lightest mobile workstation, the P1 still delivers on power with the latest 8th Gen Intel® Xeon® and Core™ processors and NVIDIA® Quadro® graphics - along with up to 64GB of memory and 4TB of NVMe SSD storage.

With our signature black finish, encased in carbon fiber and magnesium alloy, this beauty has the style to match the power inside. And at a mere 18.4mm thin no one will mistake this machine for anything less than an ultra-premium must-have.

RECOMMENDED SERVICES

Lenovo™ offers a comprehensive portfolio of services to support and protect your ThinkPad® investment—so you can focus on your business, not your IT.

Premier Support^{3,4}

Bypass phone menus and scripted troubleshooting to access advanced-level technicians with the expertise needed to quickly diagnose and solve problems.

Accidental Damage Protection^{3,4}

Coverage for non-warranted damage incurred under normal operating conditions, such as spills, drops or damage to the integrated screen.

Onsite Next Business Day and Tech Install CRU^{3,4}

The Onsite warranty upgrade maximizes PC uptime and productivity by providing convenient, fast repair service at your place. With Tech Install CRU service the installation of all internal Customer Replaceable Unit (CRU) parts will be done on your behalf by a trained technician.

³ Up to 5 years total duration
⁴ May not be available in all countries

Powered by Intel® Xeon® and Core™ processors. Intel Inside®. Powerful Productivity Outside.
